NEW SIGHT
Restoring Sight | Renewing Lives

A NEW VISION
JUNE | 2016

That's right, you truly can. Just \$100 can fund the surgery required to restore vision in one cataract affected eye. This small amount of money can transform lives from darkness to light, from desolation to hope, from dependence to self-reliance. An amount unfathomable to many people living in poverty.

A New Vision is dedicated to eliminating curable blindness. We bring ophthalmologic specialists to those living in poor and isolated regions of developing countries. We do this through what we call "cataract surgical outreach" in isolated locations where hundreds - and sometimes thousands - of patients are operated on over the course of a few days. We also provide preventative education. We fund some existing ophthalmology practices to be able to extend their services to patients who are unable to pay. And we are building partnerships to establish permanent and self-sustainable community eye centres. We reach far and wide to restore vision to those people who would otherwise remain blind.

Do something *Extraordinary*
Give the Gift of Sight

PHOTO BOOK LAUNCH
PAGE 2

Five year old Fonis was a blind and non-responsive little girl. She wouldn't smile, or speak. Many children who lost their eyesight when they were very little also lost their ability to speak. A month after her sight restoration surgery, Fonis was a completely different girl, full of smile and has started her learning process.
